During the course of this investigation I was assigned to assist with the interviewing of involved officers. The interviews were conducted at the Magnolia Station on 10-31-17.

Interview of Officer Wilder

I interviewed Officer Newton at 2130 hours. I told him that he was being interviewed as a witness in this case.

Officer Newton is a member of the Riverside Police SWAT Team. He responded to Castle View Elementary School regarding a female being held hostage inside a classroom.

Officer Newton was assigned to the second Emergency Response Team (ERT-2). His team were in the classroom next door to classroom A-1, where the suspect was holding the victim hostage. A folding wall partition separated the two rooms. The partition was closed.

To prepare for a possible entry to rescue the victim, Officer Newton's assignment was to help open the partition when the order was given to rescue the victim. Officers Wilder and Kerr went to another building at the school which had the exact classroom design with the same partitions separating the rooms. They both practiced opening the partition and videotaped the practice. Prior to the rescue mission starting, Officer Newton reviewed the video and was prepared to open the partition.

Officer Newton said that when the order was given to make entry into the classroom to rescue the victim, he and Officer's Kerr and Wilder tried to open the partition. After the flashbang diversion was deployed, they tried to open the partition, but something was blocking it and it only opened 1 to 1 ½ feet. While he was trying to push the partition open, he heard the victim screaming. He also heard officers yelling, "Get down! Get down!" He then tried to pull the partition backwards to get it to open more. He then heard gunshots. He knew Officer Paes was "Point" during the rescue. He then heard an officer yelling at the victim to come to him. He did not know who fired during the rescue.

Officer Newton said that a few seconds after the shots were fired, the victim was being pulled through the small opening of the partition by SWAT members. She was taken to awaiting medical personnel.

Officer Newton said he never saw the suspect inside the classroom when the rescue mission started.

Officer Newton said he never fired any of his weapons during the rescue mission.

Officer Newton had no further information.
